[A: Emily B: Tiffany C: Yan D: Bella]	
All	Good morning, Ms. Cheng, Teachers and fellow schoolmates. We are from class 6D.
Talk to Tiffany [Call]	
A	(Calling Tiffany) Hi Tiffany, it's really frustrating selecting my 20 JUPAS choices. I failed to get good grades, my Best 5 was just 14, I got only level 1 for LS. Will I be able to get into university?
B	Don't worry! You can still work on it, so just stay positive! You can seek advice from university counselling team. Just call them on 2345 6789.
(Phone rings) [By Emily]	
C	Hi, this is the counselling team of the University of Hong Kong Island and I am Yan. How can I help you?
A	Ummm ... I ... I can't see my future ... I don't know what I should do. I just ... I just can't figure out what my future path is.
C	Alright! What's your name?
A	Anonymous.
C	OK ... Miss Anonymous. So, that's all for the prologue. Can you tell me more about your problem?
A	(Frustrated) In my mock release of DSE results, my Best 5 was just 14 and I got only level 1 for LS. I can't even meet the minimum requirement. Is it impossible for me to get into university? My parents have great expectations on me! They want me to enter the University of Hong Kong Island. (seems crying) I just lost faith after receiving the predicted scores from the school.
C	Miss Anonymous, don't be agitated. The future belongs to those who believe in the beauty of their dreams. Whenever you have faith, you will find a path destined for you. And, that's just a prediction! You still have a chance to turn the table as soon as the ball is in your court. Just drag yourself together and set up some effective study plans for yourself for the coming months.
A	(Hesitate) But ... Actually ... I don't have any motivation to move on ... I just don't understand why I have to work so hard just ... just to get a bare pass or level 1 ... What is the importance of studying?
C	Talking about motivation, do you have any specific dream job?
A	Er ... (2 sec) (hesitate) I want ... I want to work in mass media companies, like being an actress.
C	Don't be embarrassed! Good that you have a target. Lots of artists nowadays have great academic achievements as well. Every occupation has their merits and there's nothing you should be ashamed of. It's a good start that you have found your goal. Your dream can be your motivation! And I believe the foremost thing for you to do now is to focus on your studies.
A	Thanks for being so encouraging but how can studying actually help me in preparing myself to become an actress?
C	If you get satisfactory results in the DSE, you may consider studying Media or Performing Arts as a stepping stone. That would help you gain more knowledge which will help you in your future career.
A	What if my results aren't good enough?
C	You may then consider joining some training courses held by the television broadcasting industry and apply for university programmes sometime later when you are well-prepared.

A	(Enthusiastic) Got it! I will put more effort into it and strive for the best!
C	Remember, all roads lead to Rome. Education is one of the most powerful things in life. It allows us to find the meaning behind everything and helps improve lives in a massive way. Although your ultimate goal is becoming an actress, education is always your first priority. Knowledge, like air, is vital to life. No one can rob your knowledge, and that's why it is the best and safest treasure to acquire.
A	Oh sure! I will cherish those opportunities to learn and to become a better version of me! Thanks a lot!
C	It's my pleasure to help! All the best!
Talk to Tiffany [face-to-face]	
A	I have called the counsellor.
B	How was it?
A	It is really helpful and has given me lots of insights. I realize how important education is!
B	Great to hear that. Education is more than just learning how to read and write. It helps us grow personally, professionally, and socially. We meet friends and teachers who lead us and accompany us to our future. Make good use and cherish the rest of your secondary school life. I am sure that you will miss those memorable times in school after your graduation.
A	Of course, I'll surely miss the times with you guys.
B	Just look forward and believe that everything will be fine!
Conclusion	
D	Dear schoolmates, life contains a million times of decision making. The choices we make determine our future. Not only can we choose our destination, but also pick the way of obtaining it. It is never a must for us to follow others' path. We should choose our own way according to our values, talents and desires. All roads lead to Rome. There is never a plan suitable for everyone and every approach has its own merits. Everyone has to go through success and failures to build up a perfect character and mind. Failure is not a permanent experience. It is crucial for us to rise above it and choose to be better than we were a moment ago. A task can be accomplished through numerous means if we think positively, everything could be possible and thus it is of paramount importance to cultivate a positive mindset. Zig Ziglar once said, "Attitude, not your aptitude, will determine your altitude." Dear Holy Familians, bear in mind, "all roads lead to Rome". Thank you and may God bless you all!
