

2A Morning Assembly (27 Nov 2019)

Eunice: Hey! Winnie and Holly, may I ask for your advice?

Winnie and Holly: Sure!

Eunice: Well, I was doing my project with my groupmates. They were all very hardworking and did a lot of work but their ideas weren't good enough so I used mine instead. Now, they refuse to do anything and leave all the work to me, I'm not sure why.

Winnie: I think it's because you didn't show respect! You didn't accept their ideas and used yours instead without even informing them.

Holly: Winnie is right! You need to learn how to show more respect to others, contribution, and understand the importance of team spirit.

Winnie: Hence, individuals can feel that their contributions are recognized and acknowledged. Respect and teamwork are crucial, which can lead the team to be highly productive.

Holly: Yes, respect is very important! For example, different countries have to respect the culture of other countries. Imagine if they don't, countries will turn against each other and our world will not be at peace!

Eunice: What can I do now? I'm now down in the dumps!

Holly: First, you have to listen to your team members. Show that you respect diverse opinions.

Winnie: You'll also have to appreciate others' ideas and collaborate to revise your project. Remember, patronizing others constantly simply means demeaning yourself!

Eunice: Oh I see! Thanks so much for your advice. Now I know that developing a culture of respect is very important. I'll surely pay heed to what I say and do and respect others!

All: Let's pray to our dear Lord to help us cultivate mutual respect every day.
